

Menno School Sick Student/Staff Policy

Students or Staff: If you are feeling unwell, please do not attend school in-person.

Check for the following Symptoms:

- Temperature 100.0 degrees Fahrenheit or higher**
- Sore Throat**
- New uncontrolled cough that causes difficulty breathing (for students with chronic/allergic/asthmatic cough, a change in their cough from baseline)**
- Diarrhea, vomiting, or abdominal pain**
- New onset of severe headache, especially with fever**

If you meet any of the criteria listed, please remain at home until you have been symptom free for at least 24 hours, or if you see a medical professional and they inform you that your symptoms are non-COVID related and deem it safe for you to return to a school setting.

The Menno School Board has chosen to remain with the protocol of a 14 day quarantine for students that are identified as having had close contact (within 6 feet for at least 15 minutes) with a person infected with COVID-19.
